

Access and Inclusion Policy of Casa Favilla:

Casa Favilla has a policy of making everyone welcome, regardless of race, religion, sexual orientation or anything else. When a person or couple is staying, our primary intention is to make all of them feel as if this is their own personal home away from home.

Casa Favilla has access to wheelchair bound guests via our front door while one of our rooms, the Blue Room, has a shower cubicle that has a larger than usual glass door so as to enable a wheelchair to move into the shower area of the en-suite.

As regards the situation of a person travelling with an official carer, Casa Favilla has a policy of being receptive to their particular needs.
